Subject index

Adolescents
HIV, prevention, information campaign
113

AIDS
Surveillance, HIV 515

Alzheimer’s disease units See UVA

Alzheimer’s disease
Neurodegenerative diseases, trace elements, oxidative stress, serum, blood 197, 205
Neuropsychological tests
Comorbidity 87
Mild cognitive impairment 81
UVA, post marketing surveillance 63, 69, 75

Bacteria
Proteomics, mass spectrometry, electrophoresis 459

Benthic macroinvertebrates
Surface water, lakes, quality indicators 403

Bioaccumulation
Surface water, bioavailability, quality evaluation 371

Bioavailability
Edible plants, phytochemicals 7
Surface water, bioaccumulation, quality evaluation 371

Biomolecular interactions
Proteomics, kinetic constants, surface plasmon resonance 437

Biomonitoring
Neurodegenerative diseases, trace elements, biological fluids 165
Surface water
Quality indicators, fish 399
Micro-pollutants, legislation 389

Brain damage
Hypoxia, ischemia, preterm newborns, genetic susceptibility 229

Cannabis
Sampling: analysis, forensic science 483

Chemical weapons
Triage, decontamination, poison control centers 93

Coeliac disease
Reproduction 523

Comorbidity
Alzheimer’s disease, neuropsychological tests 87

Creutzfeldt-Jakob disease
Surveillance, mortality 103

Cyflutrin EW
Sandflies, mosquito nets, deltametrin SC 247

Cysteine
Proteomics, mass spectrometry, redox state, nitrosylation 451

Decontamination
Chemical weapons, triage, poison control centers 93

Deltametrin SC
Sandflies, mosquito nets, cyflutrin EW 247

DNA
Fluorescent dyes, real time PCR 119

Doping
Medicinal plants, food supplements 35

Drug abuse
Prisons, Italy 239

Ecosystems
Human health, environmental health 271

Enterococci
Surface water, quality indicators, faecal contamination, Escherichia coli 353, 359

Environmental health
Ecosystems, human health 271

Epilithic diatoms
Surface water, rivers, quality indicators 393

Escherichia coli
Surface water, quality indicators, faecal contamination, enterococci 353, 359

Faecal contamination
Surface water, quality indicators, Escherichia coli, enterococci 353, 359

Fish
Surface water, biomonitoring, quality indicators 399

Fluorescent dyes
DNA, real time PCR 119

Food supplements
Medicinal plants
Doping 35
Herbal products, legislation 3
Legislation 55
Quality control 43

Forensic science
Cannabis, sampling: analysis 483

Garlic
Sandflies, repellents 253

Genetic susceptibility
Brain damage, hypoxia, ischemia, preterm newborns 229

Health care evaluation
Health services, mental health 501
Health services
Mental health, health care evaluation 501

Herbal products
Medicinal plants, legislation, food supplements 3

HIV
Prevention, adolescents, information campaign 113
Surveillance, AIDS 515

Hypoxia
Brain damage, ischemia, preterm newborns, genetic susceptibility 229

Information campaign
HIV, prevention, adolescents 113

Ischemia
Brain damage, hypoxia, preterm newborns, genetic susceptibility 229

Kinetic constants
Proteomics, biomolecular interactions, surface plasmon resonance 437

Lakes
Surface water, quality indicators, benthic macroinvertebrates 403

Legislation
Medicinal plants
Food supplements 55
Herbal products, food supplements 3
Phytotherapy 27
Surface water
Biomonitoring, micro-pollutants 389
Rivers, quality indicators 281, 299
Sediments, micro-pollutants 317
Wetlands, protected areas 305

Mass spectrometry
Proteomics 443
Redox state, cysteine, nitrosylation 451
Bacteria, electrophoresis 459
Molecular biomarkers 479

Medicinal plants
Food supplements 35
Doping 35
Legislation 55
Quality control 43
Legislation, herbal products, food supplements 3
Pharmacokinetic 23
Phytotherapy 17

Adverse reactions, surveillance 27
Legislation 49
Surveillance, adverse reactions 39

Mental health
Health services, health care evaluation 501

Micro-pollutants
Surface water
Biomonitoring, legislation 389
Sediments, legislation 317

Mild cognitive impairment
Alzheimer’s disease, neuropsychological tests 81

Molecular biomarkers
Proteomics, mass spectrometry 479

Mortality
Creutzfeldt-Jakob disease, surveillance 103

Mosquito nets
Sandflies, cyflutrin EW, deltametrin SC 247

Multiple sclerosis
Neurodegenerative diseases, trace elements, blood 213, 217

Neurodegenerative diseases
Trace elements
Alzheimer’s disease, oxidative stress, serum, blood 197, 205
Biomonitoring, biological fluids 165
Multiple sclerosis, blood 213, 217
Oxidative stress 143, 223
Parkinson’s disease, oxidative stress, serum, blood 189

Neuropsychological tests
Alzheimer’s disease
Comorbidity 87
Mild cognitive impairment 81
UVA, post marketing surveillance 63, 69, 75

Nitrosylation
Proteomics, mass spectrometry, redox state, cysteine 451

Oxidative stress
Neurodegenerative diseases, trace elements 144, 223
Alzheimer’s disease, serum, blood 197, 205
Parkinson’s disease, serum, blood 189

Parkinson’s disease
Neurodegenerative diseases, trace elements, oxidative stress, serum, blood 189

Persistent organic pollutants
Stockholm Convention 487

Pharmaceuticals
Surface water, pollutants, risk evaluation 333

Pharmacokinetic
Medicinal plants 23

Phytochemicals
Edible plants, bioavailability 7

Phytotherapy 17
Medicinal plants
Legislation 49
Adverse reactions, surveillance 27
Plasmodium falciparum, transcriptome 469

Plasmodium falciparum
Proteomics, transcriptome 469

Poison control centers
Chemical weapons, triage, decontamination 93

Pollutants
Surface water, pharmaceuticals, risk evaluation 333

Post marketing surveillance
Alzheimer’s disease, neuropsychological tests 63, 69, 75

Preterm newborns
Brain damage, hypoxia, ischemia, genetic susceptibility 229

Prevention
HIV, adolescents, information campaign 113

Prisons
Drug abuse, Italy 239

Protected areas
Surface water, wetlands, legislation 305

Proteomics
Biomolecular interactions, kinetic constants, surface plasmon resonance 437
Mass spectrometry 443
Bacteria, electrophoresis 459
Molecular biomarkers 479
Redox state, cysteine, nitrosylation 451

Quality assurance
Electronic charts 493

Quality control
Medicinal plants, food supplements 43
Surface water, reference materials, sampling 327
Trace elements, serum 171
Quality evaluation
Surface water, bioaccumulation, bioavailability 371

Quality indicators
Surface water
Biomonitoring, fish 399
Faecal contamination, Escherichia coli, enterococci 353, 359
Lakes, benthic macroinvertebrates 403
Rivers, epilithic diatoms 393
Rivers, legislation 281, 299

Real time PCR
DNA, fluorescent dyes 119

Redox state
Proteomics, mass spectrometry, cysteine, nitrosylation 451

Reference materials
Surface water, quality control, sampling 327

Reference values
Trace elements, serum, blood 181

Repellents
Sandflies, garlic 253

Reproduction
Coeliac disease 523

Risk evaluation
Surface water, pharmaceuticals, pollutants 333

Rivers
Surface water
Epilithic diatoms, quality indicators 393
Quality indicators, legislation 281, 299
Urban planning 293

Sampling
Surface water

Quality control, reference materials 327
Sediments 381
Trace elements, suspended matter 343

Sandflies
Mosquito nets, Cyflutrin EW, deltametrin SC 247
Repellents, garlic 253

Sediments
Surface water
Micro-pollutants, legislation 317
Sampling 381

Simuliidae-Diptera
Surface water 415

Stockholm Convention
Persistent organic pollutants 487

Surface plasmon resonance
Proteomics, biomolecular interactions, kinetic constants 437

Surface water
Bioaccumulation, bioavailability, quality evaluation 371
Biomonitoring
Micro-pollutants, legislation 389
Quality indicators, fish 399
Lakes, quality indicators, benthic macroinvertebrates 403
Pharmaceuticals, pollutants, risk evaluation 333
Quality control, reference materials, sampling 327
Quality indicators, faecal contamination, Escherichia coli, enterococci 353, 359
Rivers
Epilithic diatoms, quality indicators 393
Quality indicators, legislation 281, 299
Sediments
Sampling, trace elements, suspended matter 343
Sediments
Sampling 381
Micro-pollutants, legislation 317
Simuliidae-Diptera 415
Wetlands, protected areas, legislation 305

Surveillance
AIDS, HIV 515
Creutzfeldt-Jakob disease, mortality 103
Medicinal plants, adverse reactions 39
Medicinal plants, phytotherapy, adverse reactions 27

Suspected matter
Surface water, sampling, trace elements 343

Trace elements
Neurodegenerative diseases
Alzheimer’s disease, oxidative stress, serum, blood 197, 205
Biomonitoring, biological fluids 165
Multiple sclerosis, blood 213, 217
Oxidative stress 142, 223
Parkinson’s disease, oxidative stress, serum, blood 189
Quality control, serum 171
Reference values, serum, blood 181

Trace elements
Surface water, sampling, suspended matter 343

Transcriptome
Plasmodium falciparum, proteomics 469

Triage
Chemical weapons, decontamination, poison control centers 93

Urban planning
